

Stop the spread of COVID-19 (germ)!

2. Call us or we'll call you.

Yarn with us about your smoking story or how to quit during self-isolation on 13 78 48.

1. Give up the smokes.

The combination of COVID-19 (germ) and smoking can increase your risk of severe symptoms and put you at a greater risk of getting sick.

3. Avoid sharing smokes, lighters or smoke packets.

Sharing these items can spread COVID-19 (germ).

4. Avoid butts or bumpers.

Using butts or bumpers may increase your risk of COVID-19 (germ).

5. Keep your Mob safe.

Protect our Elders. Stay at home. Keep your distance (two arms length). Smoke away from others.

“We’re all in this together.”
